Easy-to-read digital tools to better understand health

A mobile application  Videos  Illustrated booklets
What is SantéBD?

- A mobile application, videos and illustrated booklets which explain how consultations, treatments or prevention measures are carried out, and how to remain healthy.

✅ The pictures are clear and comforting.

✅ The sentences are short and easy to understand.

✅ The booklets are customisable according to the patient’s profile: age, gender and difficulties.

- A large selection of health topics.
  New topics every year.

- People who need to be comforted and want to gain a better understanding of consultations or treatments:
  
  ✅ Children

  🎯 People who have difficulties understanding or communicating

  🎯 People who speak a foreign language.

  🎯 Family and professional caregivers.

  🎯 Health care professionals to help them provide explanations that are easy to understand.

- It’s easier to communicate, and treatment takes place under better conditions.
